# Table of Contents

Preface .................................................................................................................. i
SEEBUS History ..................................................................................................... iii
Program Overview ................................................................................................. v
Seminar Program ................................................................................................... vi
Table of Contents ................................................................................................. xi

PRELIMINARY DESIGN RECOMMENDATIONS FOR RC BEAM-COLUMN JOINTS WITH HIGH-STRENGTH REINFORCEMENT ................................................................. 1
Hung-Jen LEE, Yin-Ru LIN

BEHAVIOR OF RC MEMBRANES HAVING DIFFERENT STEEL ARRANGEMENTS .......... 11
Jong-Wook PARK, Ha-Young CHOI, Seok-Gwang YOON, Dae-Hoon KIM, Jung-Yoon LEE

CYCLIC BEHAVIOR OF REINFORCED CONCRETE BEAMS WITH CORRODED TRANSVERSE REINFORCEMENT ........................................................................... 20
Yu-Chen OU, Hou-Heng CHEN

FLEXURAL DRIFT CAPACITY OF REINFORCED CONCRETE WALL WHICH FAILS IN FLEXURAL COMPRESSION FAILURE ................................................................. 29
Susumu TAKAHASHI, Yasushi SANADA, Toshikatsu ICHINOSE, Norihide IZUMI, Hiroshi FUKUYAMA, Haruhiko SUWADA

FLEXURAL BEHAVIOR OF STEEL-FIBER REINFORCED PRETENSIONED CONCRETE BEAMS ............................................................................................................. 39
Hyeong-Jae YOON, Minehiro NISHIYAMA, Yoshiki KARINO, Fumio WATANABE

RESPONSE CHARACTERISTICS OF MASONRY INFILLED 3D RC FRAMES UNDER EARTHQUAKE LOADING ..................................................................................... 49
Iliyas MOHAMMED, R. Ramesh BABU, Katta VENKATARAMANA, Akanshu SHARMA

CENTRIFUGAL TEST FOR SEISMIC RESPONSE OF SDOF STRUCTURES WITH SHALLOW FOUNDATION ......................................................................................... 58
Hong-Gun PARK, Dong-Kwan KIM

SEISMIC LOADING TEST OF AN R/C EXTERIOR BEAM-COLUMN JOINT WITHOUT SHEAR REINFORCEMENTS IN INDONESIA ......................................................... 68
Yuta SASHIMA, Yoshiaki NITTA, Takuya TOMONAGA, Yasushi SANADA

FUNDAMENTAL PERIOD FORMULAS FOR CONCRETE SHEAR WALL BUILDINGS .......... 78
Sung-Gul HONG, Sung-Hoon KANG

ANALYTICAL STUDY ON BUCKLING BEHAVIOR OF TIMBER COLUMN INCLUDING KUMIMONO ........................................................................................................... 88
Atsuo TAKINO, Yuji MIYAMOTO

SEISMIC BEHAVIOR OF COMPLEX-SHAPED TALL BUILDINGS ................................. 95
    Dong-Hun LEE, Tae-Jin KIM, Woo-Seok YOON, Dae-Eon KANG

ASSESSMENT OF SEISMIC DEMANDS FOR CONCENTRICALLY BRACED STEEL FRAME
BUILDINGS ............................................................................................................. 105
    Chui-Hsin CHEN, Stephen MAHIN

CYCLIC SEISMIC PERFORMANCE OF CONCRETE-FILLED U-SHAPE STEEL BEAM TO WIDE
FLANGE COLUMN CONNECTIONS ........................................................................ 115
    Cheol-Ho LEE, Hong-Gun PARK, Chang-Hee PARK, Hyeon-Jong HWANG,
    Chang-Nam LEE, Hyoung-Seop KIM, Sung-Bae KIM

A VARIABLE-FREQUENCY ISOLATION SYSTEM BY USING ROCKING BEARINGS ....... 125
    Lyan-Ywan LU, Chia-Chiea HSU, Bao-Ling CHANG, I-Ling YEH

THE RELATIONSHIP BETWEEN END STRAIN AND CONNECTION STRENGTH OF STEEL
STRUCTURE ............................................................................................................ 135
    Atsushi SATO

EXPERIMENT OF SLENDER CONFINED MASONRY PANELS UNDER MONOTONIC AND
CYCLIC LOADING .................................................................................................. 142
    Yi-Hsuan TU, Tsung-Hua CHUANG, Po-Cheng LIN, Ting-Yi LO, Pu-Wen WENG

SEISMIC BEHAVIOR OF SELF-CENTERING DESIGNED ECCENTRICALLY BRACED FRAMES
................................................................................................................................. 152
    Chin-Tung CHENG, Chih-Hong HSU, Ker-Chun LIN

A NORMALIZED-RELATIVE-DISPLACEMENT-VIBRATION-SHAPE (NRDVS) BASED
STRUCTURAL DAMAGE ASSESSMENT SCHEME .................................................... 160
    Shih-Yu CHU, Ruei-Lin WU

DECISION-MAKING ON DESIGN BASE SHEAR FORCES FOR RC BUILDINGS CONSIDERING
SEISMIC RELIABILITY AND LIFE-CYCLE COSTS .................................................... 170
    Chien-Kuo CHIU

EFFICIENT STRUCTURAL ANALYSIS AND CONTROL OF WALL-FRAME STRUCTURE WITH
THE ECCCENTRIC CORE .......................................................................................... 180
    Dong-Guen LEE, Yong-Koo PARK, Hyun-Su KIM

A NEW SEISMIC EVALUATION METHOD FOR REINFORCED CONCRETE SPECIAL MOMENT
FRAMES .................................................................................................................. 190
    Wen-Cheng LIAO

SEISMIC RISK CURVES OF STEEL BUILDINGS WITH SELF-CENTERING ENERGY DISSIPATIVE
BRACES .................................................................................................................. 197
    Heui-Yung CHANG
TYPHOOON BEHAVIOR MONITORING OF A TUNED MASS DAMPER .......................... 203
Hong-Jin KIM, Sun-Young CHOI, Seong-Woo JO, Jae-Seung HWANG, Eun-Jong YU

ROBUST LIQUID DAMPERS CONTROLLING WIND INDUCED RESPONSES OF TALL
BUILDINGS ............................................................................................................. 214
Dong-Ik KIM, Kyung-Won MIN, Ji-Hun PARK, Hye-Ri LEE, Jae-Keon KIM,
Kyu-Seok HWANG, Yong-Sik GIL

SEISMIC RESPONSE OF REINFORCED CONCRETE STRUCTURES WITH MASONRY INFILL
WALLS AND VISCOELASTIC DAMPERS ..................................................................... 225
Ji-Hun PARK, Mi-Kyeong KIM

EXPERIMENT ON IMPACT OF BASE-ISOLATED BUILDING MODEL AGAINST RETAINING
WALL ON SHAKING TABLE ...................................................................................... 232
Shunji YAMAMOTO, Toshimoto MAENO, Hiroyuki MASUDA, Takuya KINOSHITA,
Naohiro NAKAMURA, Shin-ichi MATSUSHIMA, Hiroshi KAWASE

EARTHQUAKE SIMULATION TESTS ON A 1:5 SCALE 10-STORY R.C. RESIDENTIAL
BUILDING MODEL ................................................................................................... 242
Han-Seon LEE, Sung-Jun HWANG, Kyung-Bo LEE, Chang-Bum KANG,
Sang-Ho LEE, Sang-Hoon OH

VERTICAL VIBRATIONS AND RESONANCE OF A 39 STORY BUILDING ....................... 254
Lan CHUNG, Sang-Hyun LEE, Kyung-Koo LEE, Sung-Sik WOO, Dong-Guen LEE

INFLUENCE OF SEISMIC LOADING DIRECTION ON THE RESPONSE OF NON-DUCTILE RC
COLUMNS .............................................................................................................. 261
Bing LI, Thanh Phuong PHAM

STATIC LOADING TEST OF PRECAST CES SHEAR WALLS ........................................... 269
Tomoya MATSUI, Yukihiro KIDU, Suguru SUZUKI, Hiroshi KURAMOTO

INVESTIGATION ON DAMAGE LEVEL OF A MID-RISE R/C BUILDING DAMAGED DUE TO
THE 2009 WEST SUMATRA, INDONESIA EARTHQUAKE ........................................... 277
Swe Zin Win, Nguyen Cong Khanh, Toshihiko TAKAHASHI, Yasushi SANADA
